SPECIAL CURRICULAR FEATURES

Science Research Program: Twelve students selected by committee enter the program at the end of ninth grade and continue through twelfth grade. Students design experiments, write research papers, present findings, and submit work to regional and national symposia and research venues.

Social Entrepreneurship Program: Fifteen students selected by committee enter the program at the end of ninth grade and continue through twelfth grade. Students identify a societal issue, develop a feasible solution, create a detailed business model, and participate in an international entrepreneurial competition.

Technology Student Association (TSA): The Technology Student Association (TSA) is engaged in science, technology, engineering, the arts, and mathematics. With 100 Upper School students participating in this program, our chapter has won multiple awards at the state and national levels during TSA competitions and leadership activities. These competitions are correlated with national STEM standards to enhance the STEAM curriculum.

DISCIPLINARY REPORTING POLICY

All probations, suspensions, or expulsions are reported to any requesting college by both the student and the college counselor.

COVID-19 RESPONSE

In response to the COVID-19 pandemic, Pine Crest School moved all instruction to a virtual format for the spring of the 2019-20 school year. In the 2020-21 school year, Pine Crest offered in-person instruction five days per week with a distance learning option. The distance learning model was fully synchronous. Since the 2021-22 school year, students have been on campus for in-person instruction with no opportunity for distance learning.

MEMBERSHIP AND ACCREDITATION
